COMPANY OVERVIEW

A focused partner for your next build.

CRESCO STAR BUILDING CONTRACTING L.L.C

A Dubai-based company with Building Contracting recorded as its licensed activity. This profile presents our proposed construction workforce support scope for contractors and project teams.

TRADE LICENCE

896715

LEGAL FORM

Single-owner LLC

LICENSED ACTIVITY

Building Contracting

LOCATION

Deira, Dubai

OUR DIRECTION

Purpose, expressed through people.

A considered approach to project requirements, communication and workforce coordination.

01

Our scope

Construction workforce

Proposed support across general site activities, civil trades, MEP tasks and finishing works.

02

Our vision

A dependable site partner

Build lasting working relationships through consistent project coordination and clear communication.

03

Our mission

People matched to tasks

Align trade requirements, site expectations and working arrangements before deployment.

CIVIL CONSTRUCTION

The workforce behind the structure.

Trade categories for discussion. Workforce availability is confirmed for each project enquiry.

01 **General helpers**

Material movement, work-area preparation, housekeeping and assistance to skilled trades.

02 **Masons**

Blockwork, brickwork, plastering, screeding and related masonry activities.

03 **Shuttering carpenters**

Formwork preparation, assembly, alignment and dismantling to the agreed site sequence.

04 **Steel fixers**

Reinforcement cutting, bending, tying and placement to approved instructions.

MEP & FINISHING

Details that complete the project.

05

Electricians & helpers

Conduits, cable trays, cable pulling and electrical installation support within assigned competency.

06

Plumbers & helpers

Water-supply and drainage pipework, fixture installation and plumbing assistance.

07

Painters

Surface preparation, filling, sanding, priming and interior or exterior paint application.

08

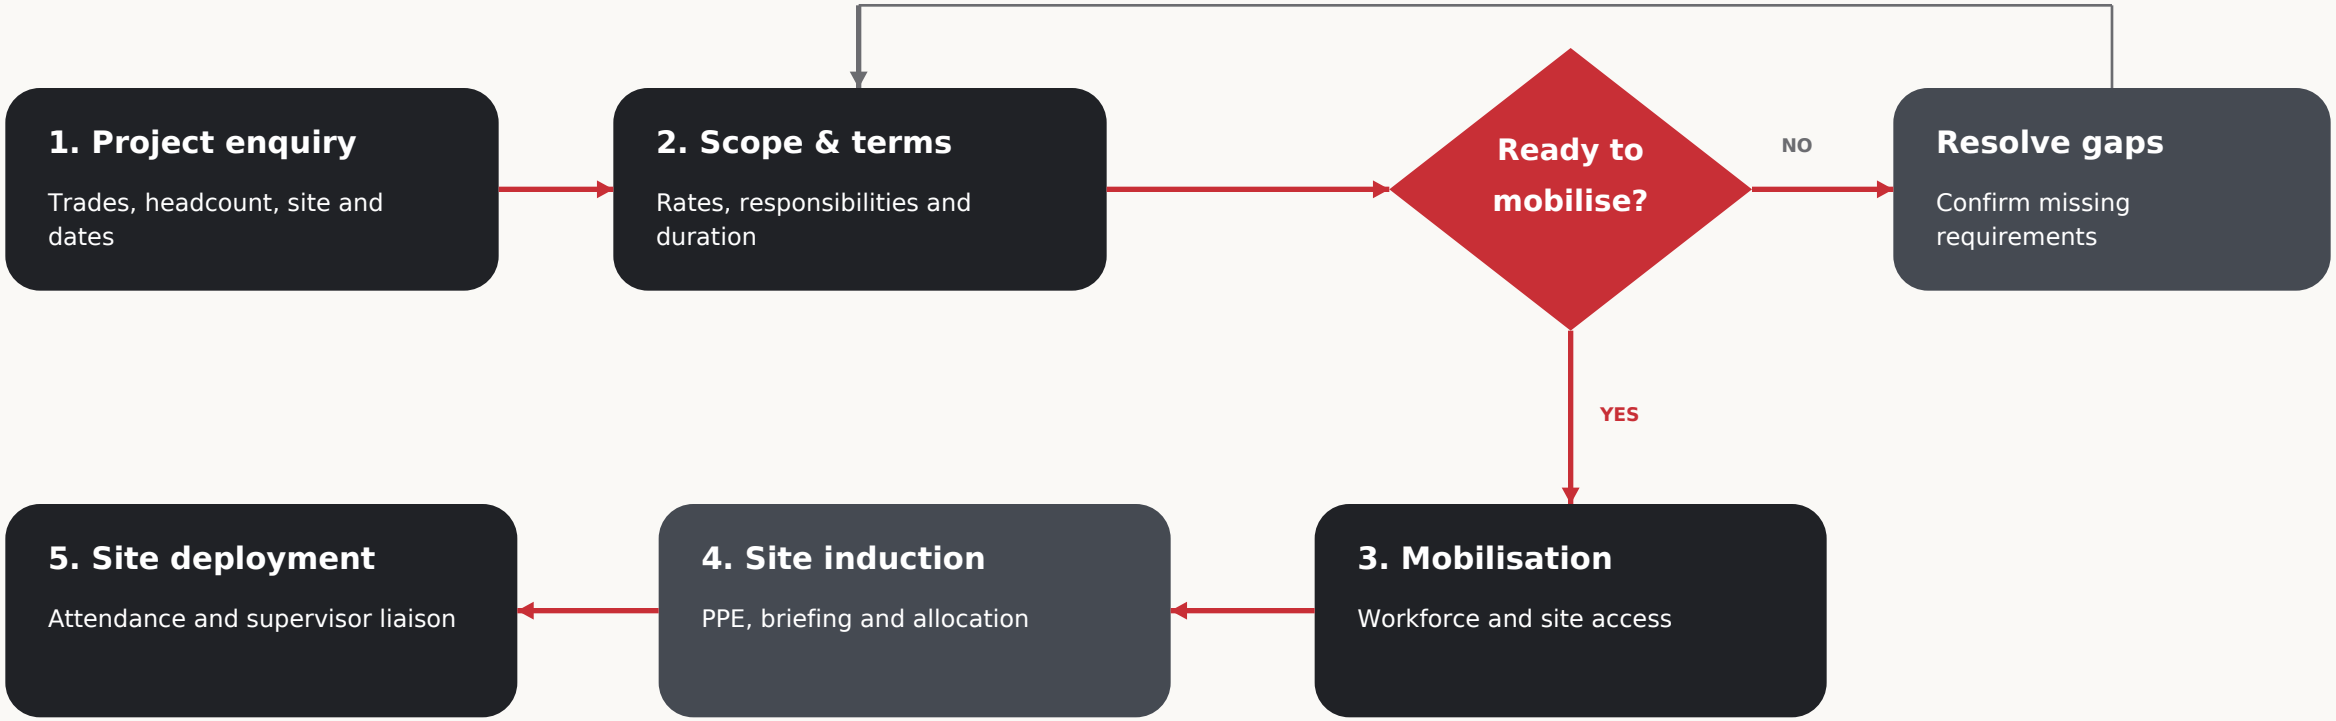

Tile & gypsum workers

Tile laying, grouting, partitions, ceilings and related finishing activities.

MOBILISATION FLOWCHART

Clarity before deployment.

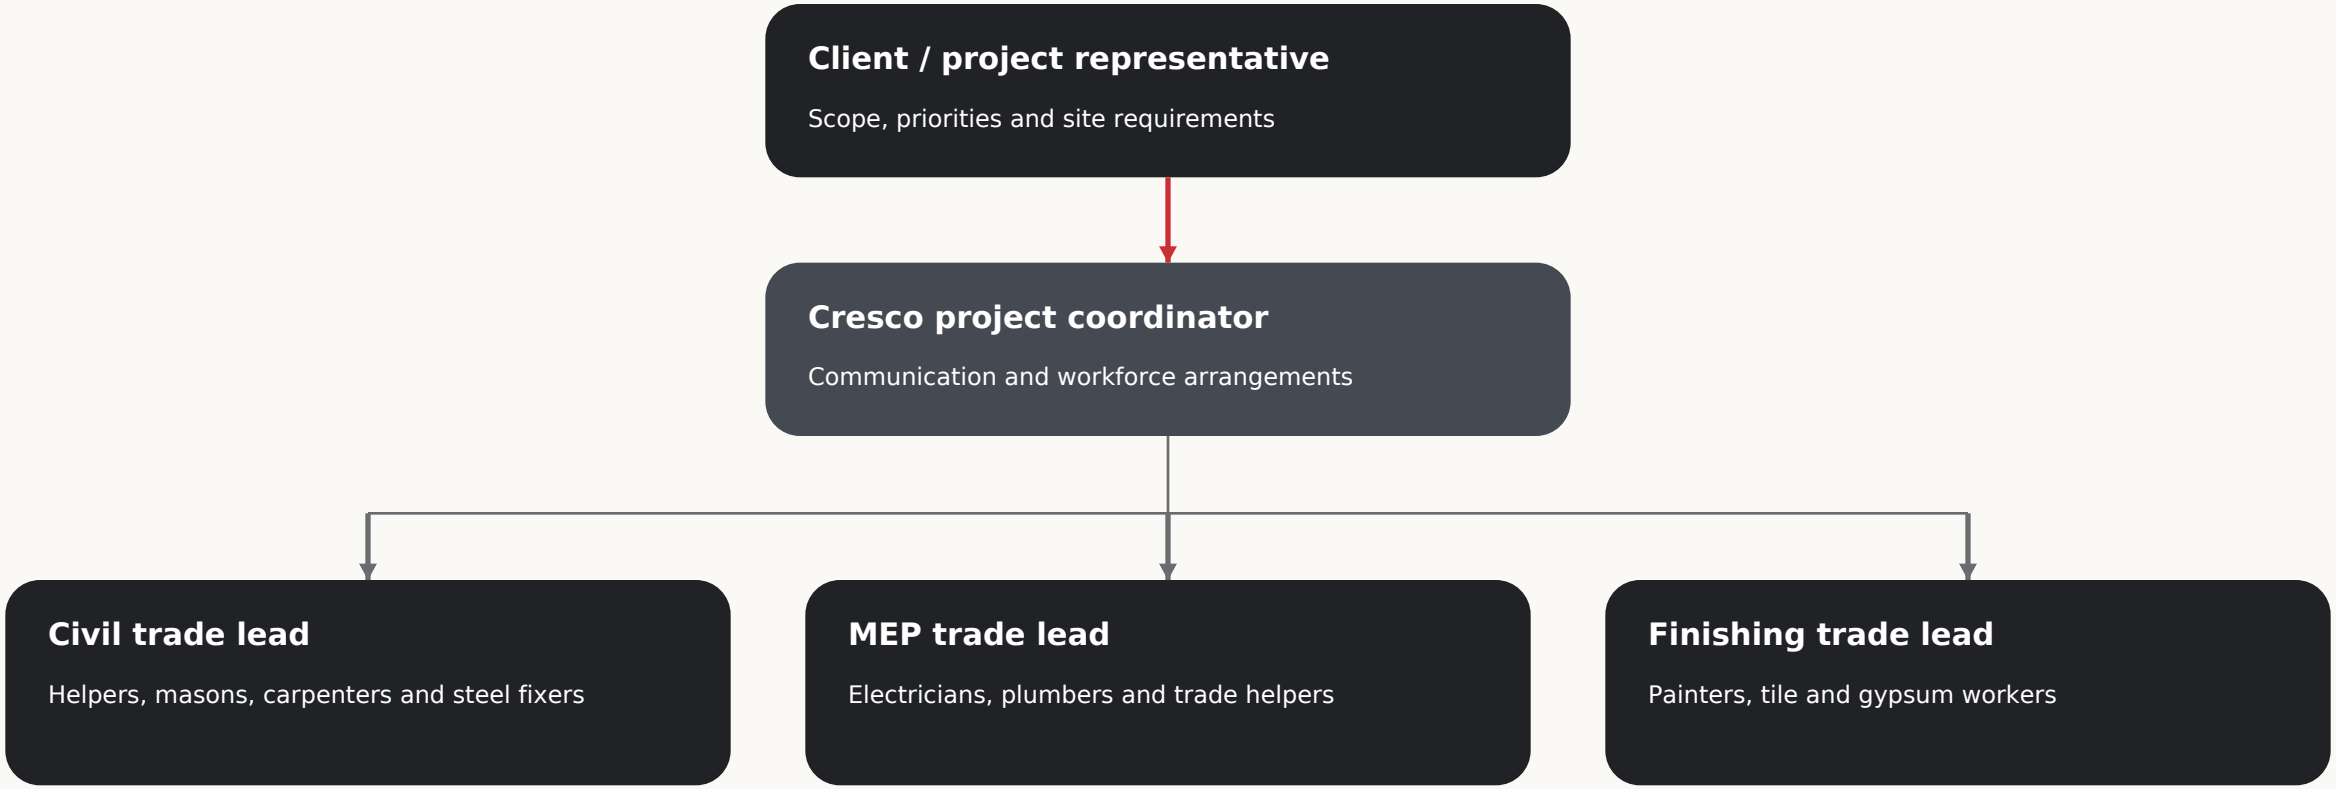

Proposed process, subject to workforce availability, documentation and applicable approvals.

PROPOSED PROJECT STRUCTURE

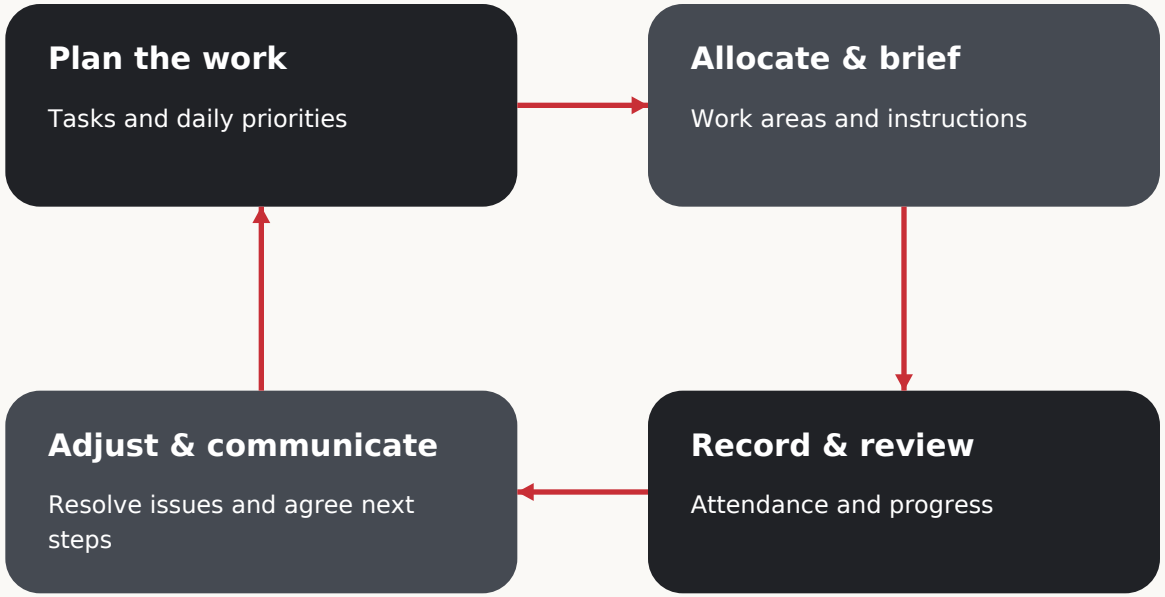

One connected line of communication.

Illustrative reporting structure. Roles and reporting arrangements are agreed for each assignment.

SITE COORDINATION

A smooth rhythm. A clear working plan.

01

Site readiness

Agree PPE, induction, access and competency requirements.

02

Commercial clarity

Confirm transport, accommodation, tools, overtime and payment terms.

03

Service confirmation

Confirm availability, start dates, permits and approvals.

Let us discuss your next project.
